

Single 20 Amp Relay Module

Introduction

The E-Plex 149CT30 Relay Module is an embedded, programmable relay output module that includes logic gates and timers on the E-Plex bus system.

The 149CT30 relay module is well suited for switching heavy loads in automotive, marine and industrial applications. Two 149CT30 relays can be used as a pair for reversing DC motors.

Key Features

- 20 Amp AC/DC switch capacity.
- Self Diagnostics.
- 2500 Volt isolation.
- Cost effective.
- LEN value 10.
- Standard EP3 connection.
